

Job Title: Angular .NET Web Developer

Company: AMX Solutions Ltd

Location: Bristol & Bath Science Park, Dirac Crescent, Emerson's Green, Bristol BS16 7FR

Position: Permanent contract, preferably Full Time though would consider Part Time for a very strong candidate (minimum of 25 hrs per week).

Salary: £35,000 - £40,000 Full-Time (subject to experience)

About AMX Solutions Ltd

AMX Solutions Ltd (AMX) has over 10 years' experience as a leading provider of Infrastructure Asset Management software in the UK and to users worldwide, excelling in the delivery of high quality, customisable asset management software to support organisations' key aims and objectives.

Job Description

Reporting to the Product Manager, we're looking for a bright, personable Software Developer, with at least 2 years experience, to join our friendly team in a dynamic, fast growing company based within the Bristol & Bath Science Park. Working alongside other developers, you will be involved in a variety of projects and assist in the design and development of both new and existing software applications. The role is subject to a 6 month probationary period.

Responsibilities

- Assist in the research, design and development of our core software application
- Use the following technologies:-
 - JavaScript
 - Angular
 - C#.
 - .NET Web development
- Support formal documentation (in line with ISO9001 processes) and adhere to coding best practices.
- Any other task as directed by the Line Manager.

Required Skills and experience

- At least 3 year's experience in a similar role with experience of the following technologies:-
 - JavaScript/Jquery
 - Angular
 - C#.
 - .NET Web development
 - HTML, CSS, Bootstrap.
- Strong skillset in research, design and development of both new and existing software applications.
- Ability to research and assimilate technical information from a wide range of sources.

Qualifications

- A degree in Computer Science, or equivalent, is required.
- The candidate must be able to prove their eligibility to work in the UK.

This is an exciting opportunity for a motivated and versatile individual looking to demonstrate their passion for IT, build on their knowledge and grow with our expanding organisation.

We are required under GDPR law to obtain your informed consent about the data that we may hold about you as it provides you with a better understanding of how we will use your data for our recruitment process. Please read through and understand the Privacy Policy that is published on our AMX Solutions Ltd website.

If you agree to our use of your data and wish to progress your application, then please e-mail your CV to helen.lake@amxsolutions.co.uk inserting the following consent statement:-

"I, [insert your name] on [insert today's date] hereby freely give AMX Solutions Ltd consent to use and process my personal data relating to my job application, as stated in the AMX Solutions Ltd Privacy Policy, in line with current GDPR guidelines".

We regret that any applications received without this explicit consent cannot be acknowledged and the application/CV data will be deleted immediately.

Closing Date for Applications: Friday 21 June 2019

Recruitment Agencies: We will only be considering direct applicants initially; if we require help to fill the position after the closing date then we'll contact you.
