

Job Title: Software Tester

Company: AMX Solutions Ltd

Location: Bristol & Bath Science Park, Dirac Crescent, Emerson's Green, Bristol BS16 7FR

Position: Permanent contract, preferably Full Time though would consider Part Time for a very strong candidate (minimum of 25 hrs per week).

Salary: £28,000 - £32,000 Full-Time (subject to experience)

About AMX Solutions Ltd

AMX Solutions Ltd (AMX) has over 10 years' experience as a leading provider of Infrastructure Asset Management software in the UK and to users worldwide, excelling in the delivery of high quality, customisable asset management software to support organisations' key aims and objectives.

Job Description

We're looking for a bright, passionate and personable candidate to join our friendly team in a rapidly growing company based within the Bristol and Bath Science Park. The chosen candidate will collaborate with our Development and Support team to further ensure the quality of our software using a variety of testing strategies whilst continuing to develop the overall testing strategy. The role is subject to a 6 month probationary period.

Responsibilities

- Test new and existing features.
- Identify and ensure faults are clearly logged.
- Assist our support team in duplicating reported issues.
- Test across multiple platforms including:
 - Windows Desktop Application
 - Web Application
 - Android
 - iOS

Required Skills and experience

- Must have at least 2 year's previous experience in a similar role.
- Strong knowledge of testing principles, concepts and techniques.
- Experience producing testing documentation.
- Good experiencing writing test cases, test scripts and analysing test results.
- Experience communicating technical issues with development team members.
- Testing across Microsoft Windows, Web, iOS and Android Platforms.

Desirable Experience

- Knowledge of a variety test automation tools.
- Experience in creating and developing testing strategies.
- Working knowledge of a programming and/or database language (ideally .NET and SQL).
- ISEB/ISTQB accredited.
- Working with customers and other stake holders.

Qualifications

- A degree in Computer Science or equivalent is desirable.
- The candidate must be able to prove their eligibility to work in the UK.
- ISEB/ISTQB accredited is desirable.

This is an exciting opportunity for a motivated and versatile individual looking to demonstrate their passion for IT, build on their knowledge and grow with our expanding organisation.

We are required under GDPR law to obtain your informed consent about the data that we may hold about you as it provides you with a better understanding of how we will use your data for our recruitment process. Please read through and understand the Privacy Policy that is published on our AMX Solutions Ltd website.

If you agree to our use of your data and wish to progress your application, then please e-mail your CV to helen.lake@amxsolutions.co.uk inserting the following consent statement:-

"I, [insert your name] on [insert today's date] hereby freely give AMX Solutions Ltd consent to use and process my personal data relating to my job application, as stated in the AMX Solutions Ltd Privacy Policy, in line with current GDPR guidelines".

We regret that any applications received without this explicit consent cannot be acknowledged and the application/CV data will be deleted immediately.

Closing Date for Applications: Friday 21 June 2019

Recruitment Agencies: We will only be considering direct applicants initially; if we require help to fill the position after the closing date then we'll contact you.
